

DAILY

Liquid soap

Product properties

- odourless
- colourant-free
- contains skin emollients, vitamins A and E
- for washing hands and body
- suitable for sensitive skin

Daily is a soft, odour and colourant-free skin-friendly liquid soap for frequent washing of the hands, body, and hair. The liquid soap contains moistening and softening agents that regenerate the skin's lipid layer, as well as vitamins A and E, and skin protection components that also preserve the natural moisture balance in the deeper skin layers, maintaining the skin's collagen bond strength, natural softness and normal pH.

Suitable for use at childcare facilities and for people with sensitive skin.

Ideal for use also at medical facilities and in food industry where frequent washing is required, soap helps to preserve the natural moisture balance in the skin.

Ingredients

aqua purificata, sodium laureth sulfate, sodium chloride, cocamide diethanolamine, glyceryl cocoate, vitamins A and E.

Usage

A small amount of soap is applied to wet hands, rubbed into a foam, and then rinsed off. Hygienic handwash lasts 40-60 seconds.

To wash the entire body and the hair, the soap should be used after making a 1:2 dilution. Soap should be massaged on the skin and in the hair gently and thoroughly rinsed.

Physical-chemical properties

Physical appearance: *colorless, transparent, clear slightly viscose liquid*
 Scent: *odourless*
 pH: *5,5 (20°C)*
 Solubility: *completely soluble in water*
 Density: *1,02-1,04 g/cm³*

Storage

Store at room temperature, keep away from direct sunlight and avoid freezing to assure the quality of the product.

Package

1L bottle
 1L dispenser bottle
 5L canister
